Subject : Procedures « break » for ACFT flying in formation at Bordeaux Mérignac AD LFBD

With effect : From 01 April 2019 to 30 June 2019

Flights of two RAFALE ACFT coming in one formation will land and take off at Bordeaux Mérignac AD.

These flights will follow a « break » procedure before landing.

This procedure is an arrival at 3000 ft (ALT) on final axis, remain at 3000 ft (on final) until 4 Nm from THR (Initial Point, "IP" on the following chart), then descend to 2000 ft (ALT) then "break" i.e. turn around to downwind position.

Breaks should be left hand turns for RWY 05, 11 and 29, and right hand turn for RWY 23, but on ATC request, the directions of the turns may change.

BORDEAUX MERIGNAC **RAFALE ARR RWY 05/23 and 11/29**
