

SUBJECT : FRENCH BORDER CROSSING POINTS

1 INTRODUCTION

Only aerodromes listed as a border crossing- point (PPF) are authorized to receive extra-Schengen flights, under the conditions and flight schedules published by the aeronautical information publication (AIP), with regard to the movement of persons across borders (Schengen borders).

All passengers traveling to or from the extra-Schengen area must be subject to systematic transboundary controls operated at these border crossing points. Controls vary according to passengers are nationals of Member States or third countries nationals.

In France, these controls are carried out by two border guard services: the Air and Border Police (PAF) or the Customs Department : 72 metropolitan permanent PPF and 2 seasonal ones are currently declared and published in the Official Journal of the European Union.

Border crossing conditions for people and goods at aerodromes are covered by the ministerial order of 24 October 2017.
